Education

Atria Institute of Technology | Bengaluru, IN
- *Bachelor of Engineering (B.E) in Computer Science & Design* | Expected 2028

Technical Skills

Languages: C++, C, Rust, JavaScript, TypeScript, x86 ASM,Python, Go, HTML/CSS, SQL
Frameworks & Libraries: OpenGL, SDL, wxWidgets, Crow, Next.js,OpenCV, TensorFlow, PyTorch, Gin
Developer Tools: Git, GitHub, VS Code, Xcode, Docker, Google Colab, Postman
Productivity Suites: Google Workspace, Microsoft Office Suite

Software Development Projects

Cialabs Connect | Next.js, Supabase, Google Auth | Link : GitHub
- Built a gamified student interaction app for Community Day, where participants logged in, scanned each other's QR codes, and guessed interests to earn points for leaderboard rewards and goodies.
- Integrated Google Authentication with Supabase for seamless sign-in and automatic user profile creation, ensuring a smooth onboarding flow.
- Developed real-time features including interest guessing, bookmarking peers, and interactive exhibition stall check-ins with QR scanning.

WorkDNA – The Skill Blueprint | Firebase Studio
Built a system using Firebase Studio to map and visualize an individual's evolving "WorkDNA" — a dynamic skill blueprint
- Created interactive skill trees that expand with learning progress and team collaboration
- Designed growth dashboards combining behavioral and technical data for personalized insights
- Enabled users to track and analyze their learning and performance trajectory visually

NBHS-Project-SRCISH | Vite.js, Node.js, Express, DynamoDB, JWT
Contributed to the development of a web app for Dr. S. R. Chandrasekhar Institute of Speech and Hearing.
- Built admin panel for managing doctors and tracking new/recurring patient registrations
- Developed doctor portal to log baby details (delivery type, gestation period, status) and schedule follow-ups
- Implemented DynamoDB with optimized read/write ops for conflict-free patient entry and JWT for secure access

Achievements

Achievements : E-Summit'22 Hackathon (3rd Place) - **IIT Roorkee** | View
